## **Assessment Policy & Schedule Year 9, 2018**

# Note to Students

---

An assessment planner is included. This shows **all** assessment items available at the time of publication. Sheets for each course, showing the tasks and the week in which they are due will be provided by your class teacher. An effort has been made to limit the number of tasks and to spread the due dates. However, there are still pressure periods. Students should plan to start tasks early and to complete them progressively to avoid last minute rushes. Often, getting started is the hardest part. If you are having difficulty in completing an Assessment seek advice early. If you feel that you have been unfairly treated with regard to Assessment, or require advice on Assessment, please see your teacher, the relevant Head of Department or myself.

Students must hand up assessment tasks at the start of the day on the due date unless otherwise directed by the teacher. Failure to submit an assessment task by the due date and time, without valid reason, will result in a zero mark for that task. Students who miss in-class tasks without valid reason will also receive a zero mark. Valid reasons for failing to submit or be present for a task include illness, accident or other misadventure. Non-medical reasons for missing an assessment task should be referred to the Head of Senior School and will only be supported if independent evidence is provided. Students who miss a task through illness or other misadventure may have the option of sitting an alternate task with the approval of the class teacher and relevant Head of Department or to receive an estimate but not both. This choice is to be made before attempting any alternate task. Any foreseeable problem with regard to completing or being present for an assessment task should be made known to the teacher as early as possible. Students should endeavour to make medical appointments outside of timetabled lessons wherever possible. Students who have been absent from school should find out if they missed any assessment notifications while finding out details of work that they have missed. A student found to have been involved in malpractice, including cheating, collusion or plagiarism, in any assessment task may receive zero marks for part, or all, of the task. Other disciplinary action may also be taken by the School.
