What’s News?

We are ready for another busy week ahead.
It is the school Open Day on Friday so there may be some visitors through our classroom.
You will find that your child now has a home folder (the children are nearly as excited about this as Mrs bird!)
Inside your child’s home folder this week you will find their Assembly script (for next Friday) and some cards that have our THRASS (Teaching handwriting & spelling skills) sounds. You may use these as we go if you like to assist your child to become more familiar with the sounds we are learning each week.
We will be exchanging Easter eggs with our buddies in the last week of term. We ask that there is between $5-$10 limit on these. We don’t want it to end up being too expensive (especially if your child has several buddies!!!)
Thank you to Michelle Gough for discussing power safety in the classroom last week. The children thoroughly enjoyed having you in the class. Thanks also to my parent helpers.

Have a lovely week.

Kate Bird

Birthday Celebrations
None this week

Assembly Awards
No Assembly last week

Lost & Found
(Please return to Mrs Bird)
Matthew Bremner’s Shorts

Upcoming Kinder Events
If you haven’t done so already….

- Please bring a hat & materials for your child’s Easter Hat as soon as possible
- Please bring a box so that your child can build a 3D Model of an area around the school for HSIE/Science as soon as possible
