YEAR 8 Camp 2007
On Friday 18 May, Year 8 students will need
to bring all their equipment and clothing to
school for a final gear check. This will take
place in periods 5, 6 and 7. They should bring
everything in an overnight bag that will be
locked away at school until Monday morning
before we get on the coaches.
On the morning of departure, Monday 21st
May, students will meet at 5:45am in the
school car park to enable roll marking and
loading of luggage, for a 6:00am departure.
This will ensure we arrive in time for lunch
and have adequate time to prepare for the
first activity in the afternoon.
We plan to be back at the College by
6:30pm on Friday 25th May. Please ensure
arrangements for collecting your child, if a
day student, at this time.

National HPV Vaccination Program

The National Human Papillomavirus (HPV) Vaccination Program will be conducted in all NSW high schools over a two-year period commencing April 2007.

Human papillomavirus (HPV) is the name given to a group of viruses that cause skin warts, genital warts and some cancers. HPV infection is usually without symptoms and can be transmitted during sex and genital skin-to-skin contact with a person who has the virus.

Two particular types of HPV are responsible for causing up to 80% of cervical cancers (cancer of the cervix) in Australia.

In 2007 HPV vaccine will be offered to all females in years 10, 11 and 12. In 2008 female students in years 7, 8, 9 and 10 will be offered the vaccine.

A Parent Information Kit will be sent home to all parents/guardians shortly. It is advisable to read all the information provided, complete the consent form and return it to the school if you wish your daughter to be vaccinated. A course of HPV vaccine comprises of 3 doses given over a 6-month period. The first of these will be given on Wednesday 23rd May.

A Record of Vaccination will be provided to your daughter on the day of the clinic. Please ask your daughter for this record. Do not assume that your daughter has been vaccinated if you do not receive a Record of Vaccination.

On the reverse side of the Record of Vaccination is a section at the bottom, which reads Next Dose Due. This will inform you when the next vaccination is due.

If your daughter is absent on a clinic date please contact your local Public Health Unit for advice on catch-up vaccination. It is important that all three doses of vaccine are administered for complete protection.
