Congratulations

Congratulations to All Saints’ College students Michael Waldren (Year 6) and Max Hope (Year 7) for being invited to attend the Mitchell Cricket Councils trials to be held in Orange during July. Both players won major cricket awards at the recent Bathurst District Junior Cricket Association presentation night. Max Hope won the 13’s level batting average scoring 265 runs at an average of 44.17 and Michael Waldren won the 12’s level batting aggregate and average awards scoring 262 runs at an average of 87.33. Well done boys.

Culture Club

It is with regret that we have recently seen the end of the Culture Club. Originally established by Mrs Janny Berry, the Club had the stated aims of creating an exhibition garden worthy of being an international example of a slow food project, supplying the Hospitality Department and Dining Room on a regular basis and selling produce at the Farmers’ Markets. For the students it was an opportunity to be encouraged and inspired to appreciate good food (especially their own freshly grown produce) and to be introduced to the philosophy of Slow Food.

To inspire and teach her Culture Club students Janny took them on outings to the Vale Winery as well as organising stalls at the Farmers Markets and the Orange Field Days. Students learnt organic vegetable growing skills including soil improvement, composting and worm farming. Their produce was not only sold at the Farmers Markets, but also featured in the meals served at functions organised by Bathurst Regional Eats and Drinks such as Bread on the Bridge. The College extends its sincerest thanks to Janny and all the parents who assisted for their contribution to the students in this marvellous endeavour. It has raised awareness of nutrition and the value of healthy food amongst all who participated.
