FROM THE ASSISTANT HEAD OF COLLEGE (SS)

Mr Stewart Ross

SUMMER COLOURS
It was pleasing to announce on assembly those students who have earned colours as a result of their contributions to summer sport over a number of years. It is our intention to award colours as soon as possible after the completion of the season so students, particularly Year 12, have an opportunity to wear their colours at school rather than being awarded them on Speech Day.

AN EDUCATIONAL COMMENT
A dollar spent on a child’s future is a dollar invested, not a dollar consumed. That’s because, as you know so well, fully nurturing, educating, and supporting young children reaps dramatic benefits as they grow up. Indeed, different studies on early childhood education have found that spending $1 today can produce savings much greater than that. These investments can make our economy stronger and more competitive.

Chairman of the US House Education and Labor Committee

UAC GUIDE
Mr Clydsdale and I had a meeting with Year 12 after school on Tuesday to discuss life after school; particularly the intricate procedure of applying for tertiary entrance. An ever increasing amount of institutions are relying on reports or recommendations from schools. There are many dates Year 12 must adhere to in this process. May I suggest parents of those students in Year 12 that want University placements read the 2009 guide?

Thought: He who is not courageous enough to take risks will accomplish nothing in life. Mahummad Ali

FROM THE CHAPLAIN
