**Subject Selection**

Subject selection information for students of Years 8, 9 and 10 will be posted home to boarding parents over the next week. This material will be distributed to all students. Please read this material over the winter break and discuss any issues with your child. The parent teacher interviews early next term provide the ideal opportunity to ask any questions. Student choices are due on Friday, 8th August. While this may appear early, a large amount of work has to be completed in preparation for 2009 and selecting subjects is the beginning of the process.

**FORENSIC SCIENCE CAMP**

Caitlyn Sharp and Chris Dunn, from Year 8, have been successful in gaining a place in the Talented Students Forensic Science Camp to be held in Armidale during the upcoming vacation.

Caitlyn and Chris will participate in a 4 day camp working as part of a small team collecting and analysing evidence from a crime scene in an attempt to solve a classic murder mystery ‘whodunit’. The aim of each team is to solve the crime and then use the evidence they have collected to prosecute the criminal in a mock trial on the last day. The camp, which is run by the Armidale School, is very popular and the selection process highly competitive. To be selected is a fantastic achievement – well done!

**TAX DEDUCTIONS**

With the end of the tax year almost upon us, are you, or a family member looking for a legitimate tax deduction to lessen the tax burden? The College has 2 funds that have tax deductible status: the ASC Building Fund and the ASC Scholarship Fund Any donations would be very gratefully received and well used, but must be received by the College by Monday 30th June to be eligible as a deduction for the 07/08 tax year. Thank you for your consideration.

“Chasing Your Dreams”

Year 8 Boys are fortunate to have been chosen to participate in a wonderful program endorsed by current Australian celebrities such as Steve Waugh, Michael Clarke, Cathy Freeman and Shannon Noll. This program is to be offered by the team at Pine Lodge Outreach in Orange. It will be delivered by Chris Douglas, Pine Lodge Education Officer, a teacher of PDHPE for 10 years. Chris was also head of boarding for a similar amount of time.

This will be run in conjunction with the personal development program already being conducted through the PDHPE Department.

As this is a pilot program and sponsored through the area health team there will be no cost to the students participating. It is planned the program will be delivered over six weeks for an hour per week.

As the name implies the focus is to assist our students to learn how to “chase their Dreams”. This will include the setting of goals, assisting them to identify and choose allies throughout this process and for support along the journey. This journey will include both short and long term goals and cover both career and personal goals.

Students will learn how to deal with disappointments, setbacks, bullies, and peer pressure. They will learn leadership skills and how to say No.

While this course will initially be for the boys, it is anticipated it will follow on to the girls of that year. Should there be any questions or concerns re your child participating in this program you could contact the College Counsellor - Ellen Robinson on 6332 7335.

CHICKENS FOR SALE

The Agriculture students have for sale 12 week old Light Sussex (white & black) and 10 weeks old Australorp (all black) pullets. All will be ready to collect by the end of term. $12.00 each for the Australorps and $13.00 each for the Light Sussex. Please contact Mrs Ferguson on 6332 7388 for more details.
