FROM THE CHAPLAIN
Reverend Tony Card

Beware of practising your piety before others in order to be seen by them; for then you have no reward from your Father in heaven. (Matthew 6:1, NRSV)

This week the Christian Church enters the season of Lent, which is celebrated by Christians of many traditions. Lent is a season of forty days, not counting Sundays, which begins on Ash Wednesday and ends on Holy Saturday. The term ‘Lent’ comes from the Anglo Saxon word lēncen, which means “spring.” The forty days represents the time Jesus spent in the wilderness, enduring the temptation of Satan. Lent is a time of repentance, fasting and preparation for the coming of Easter. It is a time of self-examination and reflection. Christians focus on their relationship with God, often choosing to give up something or to volunteer and give of themselves for others. Sundays in Lent are not counted in the forty days because each Sunday represents a “mini-Easter” and the reverent spirit of Lent is tempered with joyful anticipation of the Resurrection.

Our chapels this week have commemorated the traditions of Ash Wednesday, the first day of Lent where we confess our sins and declare to God our desire to repent, that is, to turn away from the things we have done wrong and to turn back to living the life he calls us to. Many of our students and staff have come forward to receive the sign of the cross on their forehead in ashes, a long standing tradition of the day, and a visible declaration of their decision to repent.

Part of our Lenten discipline is giving money to those who need it, to share what we have with others. We have already begun taking up a collection this term for the Company of the Good Shepherd. This is going well. Hopefully our commitment to Lent will see us provide a substantial gift to the Company.

Over coming weeks I will be talking more about the disciplines of fasting, giving, and praying.

With every blessing,
Rev. Tony Card.

Thought for the week: “For where your treasure is, there your heart will be also.” (Matthew 6:21, NRSV)

The Head of College Dr Peter Miller invites you to the

All Saints’ College Open Day

• Explore the College
• Enjoy performances
• Visit open classrooms
• Experience the All Saints’ Community

Date: Friday, 13 March 2015
Time: 2:00pm - 4:30pm
Venue: All Saints’ College
Eglinton Road
Bathurst

For more information call the College on 6331 3911 or visit our website www.saints.nsw.edu.au
Contact Stacey Whittaker on 0404 485 942 for more information. The more class parents per class the better; we encourage you to join the ASC school community.
A WEEKEND OF DRESSAGE & SHOWJUMPING
WITH
MEGAN JOERG AND JEN WOODS

WHEN: Saturday, 7th and Sunday, 8th March

WHERE: Dressage Lessons (Sand Arena)
         Showjumping Lessons (Edgell Oval)

Group or Private Showjumping Lessons will be conducted over both days along with private dressage lessons.

Tailor your own clinic to meet your own needs. Maximum one Dressage lesson and one Showjumping lesson per horse/rider combination each day. Chose to do one day or both, one discipline or two……

Private Dressage Lessons are $75.00 each

Showjumping Lessons will be dependent on group numbers but you can expect to pay between $40 - $50 for a group lesson of an hour and a half duration.

Private lessons for Showjumping are $80.00.

Please let me know no later than Friday, 27th February if you would like to participate, whether you would like group or private showjumping lessons and what height you are jumping. Dressage lessons are private lessons only.

RSVP Nic Stockman via email nstockman@ajselectrical.com.au

PRESENTATION and Q&A SESSION on the 2016 European Study Tour. HOSTED BY Mr Spencer Goddard, Mr Wayne Feebrey and Academy Travel.

Experience of a lifetime….
…a unique educational opportunity

All Saints’ College Library
Monday 20th April, 2015 - 7pm (Week 1, Term 2)

This tour will cover elements of the HSC Modern History Core: WWI and its Aftermath; HSC Ancient History Core: Cities of Vesuvius; HSC Geography World City Case Study: London PLUS has many links to Stage 5 Syllabus content in History and Geography. Academy Travel specialise in school educational tours.

For students who will be in Yrs 9-11 in 2016

Enquiries: Spencer.Goddard@ saints.nsw.edu.au OR Wayne.Feebrey@ saints.nsw.edu.au
The Australia-New Zealand Brain Bee Challenge (ABBC) is a free online competition for students in Year 10. Students learn about the brain and its functions and neuroscience research, find out about careers in neuroscience and are able to dispel misconceptions about neurological and mental illnesses.

We have 28 students registered for Round 1 of the competition, but it is not too late to put your name down! Please see Mrs. O’Neill in the ILC or email s.oneill@saints.nsw.edu.au.

The students will complete the online test during Brain Awareness Week (March 16-20). Questions will be based on information from the book *Neuroscience: Science of the Brain. An Introduction for Young Students* by The British Neuroscience Association (BNA) and European Dana Alliance for the Brain (EDAB). The link to the reading material can be found here: http://www.bna.org.uk/about/science-of-the-brain.html

Although targeted at high school students, their parents and teachers, the ABBC is a community outreach initiative that highlights scientific issues and science as a profession to the wider community through advertising associated with the competition, through additional public activities that occur during Brain Awareness Week and by ongoing research opportunities for teachers and students.

The ABBC aims:

- to highlight what the brain does, how it functions and how important it is to everything we do and who we are as human beings. Simple knowledge of this nature provides self-esteem, dispels superstitions and misconceptions (for example topics such as where emotions reside), and explains the importance of enhancing your brain’s potential through learning, exercise and avoidance of illicit drugs.
- to educate teachers and students on the latest scientific findings and to explain how important research and discovery is to our community, as well as to generally improve scientific literacy in our community.
- to provide opportunities for students from remote areas of Australia and New Zealand to participate in the competition and to challenge all students to consider a career in Science and Neuroscience in particular.
- to promote the study of neuroscience as a multidisciplinary endeavour (encompassing all basic scientific disciplines including mathematics, physics, chemistry, biology, engineering, psychology, medicine and bio- and nano-technologies). The future of all fields of science is that disciplines that once seemed to have no relevance to one another are now coming together and science education is lagging behind this advance. Neuroscience can help bridge these disciplines.
The Bathurst Motor Registry is being refurbished from Saturday 28 February

When it reopens in late April it will be a Service NSW centre.

During the refurbishment period transactions can be completed online at service.nsw.gov.au or by visiting:

• **Bathurst Temporary Motor Registry**
  Cnr Mitchell Hwy and Bradwardine Rd
  (all transactions available except for Maritime transactions and computer-based tests)
  **Open:** 8:30am to 5pm Monday to Friday
  8:30am to 12pm Saturday

• **Orange Service Centre**
  122 - 124 Kite Street
  **Open:** 7am to 7pm Monday to Friday
  8:30am to 3pm Saturday

• **Lithgow Motor Registry**
  Cnr Lithgow and Bent Streets, Shop 51, Valley Plaza
  **Open:** 9am to 5pm Monday to Friday

For more information:
visit service.nsw.gov.au, call 13 77 88 or download the mobile apps.
Longline Winter Jackets available from Uniform Shop (as pictured)

Cost $176.00

Orders to be placed and paid for by Friday, 27th February 2015.
Delivery will be approximately the middle of May 2015.

LAST CHANCE TO ORDER FOR 2015

Please phone Lizzy Moller on 6332 7303
Join our three-week course to help mothers and daughters understand and deal with changes that take place during puberty & adolescence.

By learning together, young women (10-12 years) and their mothers can strengthen their relationship.

Topics include:

- Physical, psychological and emotional changes that take place during puberty and adolescence
- How to communicate about these changes
- Self-esteem and body image
- Relaxation strategies for mothers and daughters
- Bullying and cyber-bullying

This course is very popular. Enrolment and payment is required before bookings can be confirmed.

Grow in confidence and knowledge
