ACTIVITIES WEEK OFF
Due to a number of issues, we have decided against having activities in the last week of term. Classes will be on as normal and students have no excuse not to come to school.

CAROLS AND PRESENTATION DAY
An early reminder that we will have Carols Service on the Wednesday night and Presentation Day on the Thursday of the last week of term. Both events are compulsory and important in the life of the College.

MOCK TRIAL
On Tuesday 25 October the Mock Trial team competed against Liverpool Girls’ High School in the quarter final of this year’s competition. It was a criminal case with the team consisting of Sophie Cant and Hannah Nobes as barristers, Clare Carter as solicitor, Paxton Hewitt and Charles O’Neill as witnesses and Rose Denovan as magistrate’s clerk. We alleged that the defendant had driven a motor vehicle in a manner dangerous or negligently on Mt Ousley Road between Sydney and Wollongong. While the team managed to gain a criminal conviction and send the defendant to gaol, we lost the actual trial by a very narrow margin, 261 to 258.5. The team would like to thank Sahar Orya from Kenny Spring Solicitors for her encouragement and legal guidance in preparation for the trial.

EARRINGS
Girls were reminded this week that they are to have only one set of earrings in their ears. The earrings must also be in their ear lobe. Small sleeper or studs for juniors/seniors or small pearls for seniors...nothing else! If girls have more than one piercing, they must leave out the excess jewellery...holes will not close over during the day! We also tend to find many girls returning to school in Term 1 with extra piercings. Please do not allow this to happen next year.

Thought: Only in the darkness can you see the stars. Martin Luther King
This week we celebrate All Saints’. In our Chapel services I have been drawing the big picture of what that means. It covers all who have chosen to journey to God and follow the way of Jesus Christ. The stream of ‘Saints’ reaches into the past, embraces the present and looks to the future. According to Hebrews chapter 12 we are cheered on by a great cloud of witnesses.

Our famous and often sung hymn, ‘For all the saints…’ was written by Rev William Walsham How, when he was Parish Priest of Whittington in south east England, around the 1860s. Williams, after collecting folk tunes from English villages, penned and then harmonised one which was designated ‘Sine Nomine’.

That is, he ran out of names and put this above his composition. It is regarded as one of the most stirring hymn/march tunes. The hymn was published with this tune in The English Hymnal of 1906. Walsham How went on to become the founding Bishop of the Diocese of Wakefield in northern England in 1888. Yes, the Cathedral bears the designation… All Saints’. I have been warned by boarding families in the Bourke direction not to leave out the verse: ‘The golden evening brightens in the west…’!

We said an official, temporary farewell to Mr Whitfeld who is returning to serve with the Armed Forces in Malaysia. Thinking about his duties I drew a quote from a non-military author George Orwell: “We sleep safely in our beds because rough men are willing to do battle with those who would do us harm.”

‘...Your Name O Jesus be for ever blessed. Halleluia, Halleluia.’

Father Paul.

Each year All Saints’ College offers students who are Australian citizens a number of Scholarships. The following categories of scholarships will be awarded to students who will be entering Years 5, 7, 9, 10 and 11 in 2018:

• **Academic Scholarships (Years 5, 7, 9, 10 and 11)** are awarded essentially on the basis of the results obtained in the annual cooperative ACER scholarship examination. Applicants should have a commendable academic record supported by a personal resume showing academic and co-curricular achievements. Applicants who are new to the College will also be invited to an informal interview.

• **Head of College Awards (Years 7, 9, 10 and 11)** are made on the basis of the results obtained in the annual ACER examinations as well as on the applicant’s co-curricular achievements. Head of College Awards are by definition not scholarships but are a recognition by the College of the contribution to be made by a genuine all-rounder to the life of All Saints’ College through their participation in all aspects of school life. A comprehensive resume demonstrating the candidate’s achievements is required and applicants who are new to the College will also be invited to an informal interview.

• **Music Scholarships (Years 7, 9, 10 and 11)** are awarded to students who have attained a high level of instrumental performance achievement for their age level. Music scholarships are awarded on the basis of the results obtained in the annual ACER scholarship examinations. In addition, music scholarship candidates are required to prepare for a short audition and to sit a simple theory/aural test. A comprehensive resume demonstrating the candidate's background and musical achievements is required and applicants who are new to the College will also be invited to an informal interview. A confidential report from the current instrumental tutor is also required.

**2018 All Saints' Scholarship Applications Open Now**

Applying for Scholarships
All Saints’ College participates in the national ACER (Australian Council for Educational Research) Cooperative Scholarship Testing Program. Applicants sit the examinations (usually at All Saints’ College) in late February of the year prior to enrolment. For example, for those wishing to apply for a scholarship for Year 7, the candidate must sit the examination while currently in Year 6 – having registered for the examination towards the end of Year 5.

Nationally Consistent Collection of Data on School Students with Disability

Background to the Nationally Consistent Collection of Data on School Students with Disability

In May 2013, all Education Ministers from Commonwealth, state and territory governments endorsed the implementation of a nationally consistent collection of data on school students with disability in all Australian schools (government, independent and Catholic).

The nationally consistent approach to data collection provides all Australian schools, education authorities and the community with a clear picture of the number of students with disability in schools and the adjustments they are provided to enable them to participate in education on the same basis as other students.

Authority for the collection of information for the purposes of the NCCD

The Australian Education Regulation 2013 (the Regulation) (www.comlaw.gov.au/Details/F2014L01723) requires the operators of government and non-government schools (approved authorities) to provide information to the Australian Government Department of Education and Training (the department) for the purposes of the NCCD.

The information that approved authorities must give to the department is set out at subsection 58A(2) of the Regulation. This includes, in relation to each student with a disability at a school operated by the approved authority:

- the student’s level of education (i.e. primary or secondary)
- the student’s category of disability (i.e. physical, cognitive, sensory or social/emotional)
- the student’s level of adjustment (i.e. support provided within quality differentiated teaching practice, supplementary, substantial or extensive adjustment).
The information will not identify individual students (subsection 58A(3) of the Regulation); no information that could reasonably enable the department to identify individual students will be provided by approved authorities to the department\(^1\).

Other details about the information to be collected and the format in which the information is to be provided to the department, will be contained in guidelines approved by the Education Council (the committee of the Council of Australian Governments comprising the Commonwealth and state and territory Ministers responsible for education). The NCCD guidelines are available on the department’s website at [www.education.gov.au/nationally-consistent-collection-data-students-disability-guidelines](http://www.education.gov.au/nationally-consistent-collection-data-students-disability-guidelines).

**Collection and disclosure of school level information**

The information collected by schools for the purposes of the 2016 national data collection will ultimately be provided to the department. In some cases this will involve the school passing the data directly to the department and in other cases the school will provide the data to its state and territory government agency or other relevant body, depending on the school’s particular arrangements. The state and territory government agency or other body will further de-identify school level data, and may aggregate the data at the state and territory level, before providing the data to the department.

The department, on behalf of the Joint Working Group\(^2\), will use the information collected for the purposes of preparing reports for and briefing the Australian Education Systems Officials Committee and the Education Council in relation to the NCCD. For the purposes of preparing these reports or briefing material, the department will ensure that the information is aggregated sufficiently so that no student’s identity could reasonably be ascertained.

The aggregated information held by the department may also be used as an input to policy development for future funding and other policy requirements as required by the Education Council.

---

\(^1\) In the event that NCCD information given by an approved authority to the department does indirectly enable the department to reasonably identify an individual, the disclosure of that information by the approved authority, and the collection of that information by the department, are both authorised by law for the purposes of the *Privacy Act 1988* (Cth). Nevertheless, the department will seek to de-identify NCCD information that inadvertently contains identifying information.

The department’s Privacy Policy, including further information about how individuals can access and correct personal information the department may hold, or how to make a privacy complaint to the department, is available at [www.education.gov.au/privacy](http://www.education.gov.au/privacy).

\(^2\) The Joint Working Group to Provide Advice on Reform for Students with Disability is comprised of representative members from all state and territory government educational authorities, Independent Schools Council of Australia, the National Catholic Education Commission, the Australian Curriculum, Assessment and Reporting Authority, and the Australian Government.
The department will not otherwise disclose any personal information to third parties, including overseas recipients, without consent or unless authorised or required by law.

**Contact**

For further information about the collection, use or disclosure of information for the NCCD please contact: SWDPolicyTeam@education.gov.au.
