RUN TO THE HILLS

Last Thursday the Wiburd Shield team travelled to Sydney to play Pacific Hills Christian School.

We won the toss and sent them into bat, bowling them out for 91 on a slow outfield.

Charlie Dunn was the pick of the bowlers taking 4 wickets. Sam Rendall and Ben Cant also took 3 each.

Sam Hope took the catch of the innings, breaking his finger in the process but dismissing their best batsman to turn the game.

In reply, we were in early trouble at 4 for 40, but Will Mitchell turned the game with a quick 34 and Gareth Faulkner saw the side home with a gutsy innings against a swift bowling attack.

With next opponent St Columba forfeiting, the side are now through to the semifinals.

SOMETIMES IT IS TOO LATE TO CHANGE

As we have just about completed Week 3 of Term, it is now getting a little late for students to change subjects. Teachers are well into their programmes and assessment tasks will follow soon. A reminder to parents that Assessment Schedules will be posted on the school website.

DON’T THROW YOUR HAT INTO THE RING, PUT IN ON!

I would like to remind all students of the need to wear your hat when you are out in the sun. I was particularly concerned to see many children attending the Swimming Carnival without one. The hat is part of your school uniform and your first defence against heat stroke and skin cancer.

FAST FACT

A man named Charles Osborne had the hiccups for 69 years!

Thought: The sky is the daily bread of the eyes. Ralph Waldo Emerson
We understand that he, writing to a Jewish audience, portrays Jesus as a second yet much greater Moses. As Moses went up to the mountain to receive the 10 Commandments so Jesus goes up a ‘mountain’ on the Galilean lakeside and sits down. That means he is going to teach – like a professor steps forward and stands at a lectern.

The Church of the Beatitudes, which stands on the traditional site of Jesus’ teaching.

I focus on three of his declarations, from Chapter 5. You are the salt of the earth; but if salt has lost its taste, how can its saltiness be restored? It is no longer good for anything, but is thrown out and trampled under foot.

Salt was an important commodity in a hot climate. In this instance, the salt in the substrate is the more soluble and dissolves only to leave a mottled white crumb which was disappointing and useless. But good pure salt was used to preserve; it was given as payment to the Roman soldiers – hence the word salary. It was useful in small amounts. In those amounts, it made the ordinary palatable. The call is for the followers of Christ to be like that, even though they might be small in numbers.

You are the light of the world. A city built on a hill cannot be hid. No one after lighting a lamp puts it under the bushel basket, but on the lamp stand and it gives light to all in the house.

Commentators write that Jesus and Joseph may have worked at the new settlement of Sepphoris just to the north of Nazareth, for Joseph was – in the New Testament Greek – a Techton, a builder or carpenter. Sepphoris was, set on a hill. It is still there, visible from afar in the daylight and twinkling at night. Jesus speaks of the visibility of good and especially light - it speaks truth to darkness. It is not to be hidden but to do the thing for which it is made - to shine.

Speaking metaphorically, light is courageous, it shines into the darkness. It simply does its duty, it leads, it shows up evil. And in light, colour is seen; colour is invisible in darkness.

One of our foremost Biblical commentators was The Reverend John Stott (pictured below) and I quote from his book, The Message of the Sermon On the Mount:

Pat’s making progress on the long road to recovery

Pat Mitchell, receptionist extraordinaire who took over the ASC front desk last year, is making good progress in her battle against Colon Cancer.

Pat is responding well to treatment and even found the time to visit her workmates for a special morning tea last Thursday.

It’s great news for her family whose lives have been turned upside down since the initial diagnosis.

Pat has a very supportive husband of 26 years, (Ian), daughter Melissa (married with 3 children), son Edmund (studying Psychology in Sydney), daughter Jessica (studying Bachelor of Education in Bathurst) and daughter Katie (who lives at home with special needs).

The last thing we at All Saints’ want is for Pat’s family to worry about the expenses of treatment.

One of Pat’s wishes is to have a family holiday on the South Coast, precious time to relax and reflect with her family and we want to help this wish come true.

If you can help with a donation please go to Pat’s ‘Go Fund Me’ page:
https://www.gofundme.com/pats-go-fund-me
ACCOUNTS FORMS NEEDED!

The account forms that were sent out with your first bill need to be completed and returned to the Accounts Department as soon as possible.

As per the Fee Payment Details form: non-return of these forms will require the FULL TERM’S FEES to be paid within 7 days of the start of each term.

The Accounts Department appreciate your speedy assistance with this matter.

LAST CHANCE TO ORDER OUR OFFICIAL WINTER JACKET!

This is the approved jacket for wearing to school and sport in the colder months.

Support your local school and fight cancer.

Relay For Life is a fun overnight event that is an opportunity for you and your school friends to get together and celebrate cancer survivors, remember loved ones lost to cancer and fight back against a disease that takes too much.

Join a team and take turns walking the track while enjoying music, food, entertainment, games and more!

PARENTING TEENAGERS

Veritas House will be conducting the popular Teen Triple P parenting program from our premises at 106 Russell Street Bathurst soon.

Bring the joy back into parenting and solve problems such as,

- Over use of technology
- Resistance to school
- No help around the house

The program is free and begins on Tuesday 14 March 2017 Morning or evening sessions available (10-12, 6-8pm).
Please ring Graham Palmer on 6332 2277 for more information and to reserve a place.
THE INDEPENDENT LEARNING CENTRE

What?
The ILC aims to help all students in the senior school with individual work and provide assistance in any area of school and creative interest. Specialised external competitions and enrichment opportunities are promoted through the ILC and made available for all interested students.

Where?
Opposite the Japanese Centre and adjacent to Watson Oval in E10.

How?
✓ Help with individual subjects, assessments and examination preparation
✓ Participation in external competitions and enrichment opportunities
✓ Study skills workshops for junior years
✓ Individual time management, study skills and study planning sessions for senior students
✓ Essay writing skills & techniques and scaffolding of assessment tasks
✓ Assistance with writing Resumes & Gap applications
✓ Proofreading and editing
✓ Monday after school homework clinic

When?
The ILC is open Monday to Friday. Lunchtime appointments are available if needed.

Monday After School Homework Centre
The Monday Homework Clinic is open from 3.20pm on Mondays, beginning in Week 3 of Term 1. It is staffed by:

Mrs. Margy Croft (Mathematics, Science and junior subjects)
Mrs. Sarah O’Neill (Humanities, English and Junior subjects)
Mr. Phillip Cant (Mathematics and Science)
Maths and Science department teachers are also available on request

THE FINE PRINT:
Students are provided with biscuits and fruit for afternoon tea, but are encouraged to bring a water bottle.
No booking is necessary but students must sign in upon arrival and departure.
Students MUST come prepared to work as this is not an after school care facility.

For further information, please contact:
Mrs. Sarah O’Neill: Phone- 6332 7331  Email- s.oneill@saints.nsw.edu.au
Mrs. Margy Croft: Phone 6332 7331 Email- marg.croft@saints.nsw.edu.au
Mr. Phillip Cant: Phone 63327 337 Email- phillip.cant@saints.nsw.edu.au
The *Australian Brain Bee Challenge* (ABBC) is a competition for high school students in Year 10. Students learn about the brain and its functions, neuroscience research, find out about careers in neuroscience. The competition also aims to dispel misconceptions about neurological and mental illnesses.

Round 1 of the competition will take place during Brain Awareness Week, 13-19 March 2017. Questions will be taken from *Neuroscience - Science of the Brain: An Introduction for Young Students*, which can be downloaded free as a PDF from: https://www.bna.org.uk/about-neuroscience/written-resources/ or http://worldseries.educationperfect.com/bbc-landing-page.html

There is also a copy available to borrow from the ILC.

More information about the Brain Bee Challenge can be found on the [UWS website](http://www.uws.edu.au). Students complete a timed on-line quiz to determine their knowledge and understanding of the structure and function of the brain. The top ranked participants from across Australia and New Zealand then progress to Round 2, held at the School of Medicine, Western Sydney University. I strongly encourage students to take advantage of this great opportunity. All participants will receive a certificate which is a highly regarded addition to any Curriculum Vitae.

If you would like to participate in the 2017 Brain Bee Challenge, please complete the section below and return to Mrs O'Neill in the ILC or email s.oneill@ Saints.nsw.edu.au.
UN Youth NSW State Conference
17–19 March 2017

Are you in Years 9 – 12 and passionate about global issues, human rights or multiculturalism?

On 17-19 March 2017, more than 200 students from across the state will meet at The Collaroy Centre and take part in the global conversation. You’ll learn about leadership, diplomacy and advocacy. You will connect with issues that baffle the leaders of today and shape our national discourse. Perhaps most importantly, you will form friendships with a diverse array of students from all around NSW and become inspired to deliver change in your local communities, and eventually the world.

Event Details

When: Friday 17 March 2017 – Sunday, 19 March 2017
Where: The Collaroy Centre, 22 Homestead Avenue, Collaroy NSW 2097
Who: Students in years 9 to 12

State Conference spans across 3 days and is an event for anyone with an interest in international affairs. It’s a chance for you to meet like-minded peers and share your thoughts on issues affecting the global community. By the time you leave, you will have greater awareness of the world around you and more importantly about the role you can play in shaping its future.

For more information, please see Mrs O’Neill in the ILC and visit the website: https://unyouth.org.au/event/nswconference/

Calling All Green Thumbs!

Don’t forget the Beautification of Grounds Committee meets every Friday at the Vin Suttor Garden (near the Junior School Office) at 8:30 am.

If you can spare an hour or two to help keep ASC beautiful please come along with your gardening utensils and a hat.

For more info, or if you can help another time, please text Mrs Trudy O’Connor on 0408 004 044
