ANNOUNCEMENT
STRATEGIC PLANNING PROJECT

Recently All Saints’ College engaged Insight Plus, a Brisbane-based consultancy with considerable planning experience in both the educational and commercial sectors, to assist with the development of a strategic framework for the College.

One of the Directors of Insight Plus and who will lead this project is Mark Vincent. Mark has also worked with a number of schools and universities including Brisbane Grammar School, Stuartholme, Somerville House, Genesis Christian College, Hillcrest Christian college, Canon Hill Anglican College, Brisbane Boys’ College, Queensland Catholic Education Commission, Moreton Bay College, Pacific Lutheran College, Somerville House, Canterbury College, Frensham, QUT School of Nursing, QUT School of Public Health and QUT School of Business.

In preparing the strategic framework, we are very conscious of the need to undertake an extensive consultation process with the school community in order to identify the school’s strengths and weaknesses, the opportunities, challenges, threats and competitive pressures we face and the critical factors and qualities that make our College so distinctive and successful.

Initially interviews and a series of workshops will be held to raise issues and opportunities. These discussions will be conducted with Council members, the Senior Leadership Team, all staff and a cross-section of students and parents. Additional research will also be undertaken to better understand demographic drivers as well as trends and the future direction of education, both in Australia and internationally.

Our intention is to complete the strategic framework by the end of Term 4, at which point the decision will be made regarding next steps towards developing a full strategic plan.

Yours sincerely,

Dr Peter D. Miller
Head of College
