**HEAD OF SENIOR SCHOOL**
Mr Stewart Ross

**NATIONAL YOUTH SCIENCE FORUM**
Katrina Kelleher (Yr 11) has been successful in gaining a place in the National Youth Science Forum. She will be living on campus as a university student in Canberra for 12 days during January. The forum gives students a unique opportunity to meet and work with scientists in a number of fields. Places are limited and the selection process is highly competitive. This is a prestigious achievement.

**LONG TAN AWARDS**
On the 43rd anniversary of the battle of Long Tan, the school has been invited again by the Australian Defence Force to nominate one Year 10, 11 and 12 for an award. Selection criteria includes leadership, teamwork, problem solving, resourcefulness and community involvement. A substantial monetary reward and a certificate will be presented at one of our assemblies by a member of the military. I will keep you informed of our choice.

**HSC DRAMA PRESENTATIONS**
Last night saw a packed Drama theatre where parents and friends watched our nine Yr 12 Drama students perform their group-devised and individual performances. There were some very hilarious as well as poignant pieces that won acclaim from the crowd. Mr Gannon, one of the markers, was impressed with the overall standard of the presentations. Now all that is needed is some final "tweaking" of performances before their final presentation before BoS examiners.

**FROM THE CHAPLAIN**
Fr Paul Woodhart

Last weekend I attended the National Anglican Schools Conference in Adelaide. All Saints’ is one of 160 Anglican Schools in this country and 145,000 students are under that umbrella. It was good to meet other Chaplains and draw on their ideas.

I am looking forward to being with the Year 10 in Canberra this week and will be at Boarders Chapel on Sunday night. Happy ‘going without’ to those who are doing the 40 Hour Famine.

Father Paul

Senior School - Lunar Landing Challenge

Astronomy is the theme for Science Week this year in celebration of the first steps taken by humans on the moon 40 years ago. As part of Science Week, this year, students are invited to participate in the Lunar Landing Challenge and a chance, for the winning team, to win a $100 cash prize. This competition is open to all All Saints’ College students in Years 7 to 10. To enter you need to submit a short (less than 3 minute) film of a simulated moon landing by astronauts. The footage may be acted, or animated, but it must be original. The footage should depict one or more of the astronauts experiencing the lunar surface and interacting with the lunar environment in a realistic manner. Entries must be submitted by the 28th September. Posters advertising the competition have been placed around the College. Entry forms, containing the competition rules and judging criteria, are available from your friendly Science teacher. Will you accept the challenge??

IS IT EVEN POSSIBLE??

Our competition: Fake the moon landing!

Enter your own original “Moon Landing” Footage, up to three minutes in length, must be animated or acted by students (Yr 7-10) of ASC. Groups no larger than 4, all technical and computer generated effects are permitted! Judging based on ‘entertainment factor’ and scientific accuracy.

CLOSES: 28th Sept, 2009

Kindergarten places are all now confirmed and Transition offers are well under way for next year. There are a few places left in the Transition 3 day programme so if you know anyone that is wanting a place for 2010 they need to contact me as soon as possible.

Year 7 2010 Orientation Day (for all new students and particularly for our current Year 6 families) is scheduled for Friday, November 6th. More details will be sent to you, in due course, outlining the activities for the day.

I have not heard anything from you in relation to how we can improve our introduction to the College for new families and improve communication for our existing families, or even how we can make the transition from Junior to Senior School smoother and I am sure we have lots we can do so PLEASE let me know. You can email me directly, call me or just pop in. (I don’t think we are perfect quite yet!)

In case you don’t have my direct contact details they are: j.thompson@saints.nsw.edu.au or 02 6332 7313.

Registrar’s Rave

Communication is one of the key areas we are constantly trying to improve.

We have been told that due to technical challenges some of our College community are not receiving emails and links to newsletter and general information. Unfortunately from this end we don’t know that until someone mentions it. So I could ask you ALL to please check with each other in terms of confirming that everyone is receiving the email that comes from Cherylene every week. (I could ask you to let me know if you are not receiving the emails but if you are not actually getting them it is a little difficult!!)

Contact details are a critical part of your information for your child at school.

In order to try and make your lives easier and our information regarding critical family contact details accurate we will put a “Change of Details” form on the website. So please for ANY CHANGES please complete this and send it to me via the link. This includes ALL changes whether email, address, mobile etc. The form will be in the “Change of Details” tab. If you have any questions then please do not hesitate to contact me.

2009 SPRING FAIR

GARDEN STALL

Last year’s Garden and Produce Stall run by year 4 Parents and Students was a huge success. This year can be even bigger and better with your help. If you are a bit of a “green thumb” it would be greatly appreciated if you could pot up any seeds, seedlings or cuttings from your garden now for us to sell at the Spring Fair. If you have anything that you would like to discuss or any more ideas for this stall, please give me a call. Thanks in advance Ruth Crampton 0427 373 990 and Dion Reynolds – Class Parents
