**NETBALL**

Isn’t fate fickle! Two weeks ago the 1st Netball drew with the Bathurst Bulldogs and it appeared their semi-final chances were lost by just 1 goal, with another team forfeiting against another semi final contender. Last week with our team having the bye, the inclement weather meant no games were played and low and behold they are in. Best wishes for them again as they play the Bulldogs at 1:30pm. They lost to the Bulldogs in the first round and their last game was a draw so that means this week will be a ….. In fact it has been a great season for the netballers as six out of the eight teams have made the semis. We start at 9am with 14 Blue and 16 Red, 10:30 will be 14 Red and 16 White while the seconds play at 3pm. Just a reminder that the netball dinner will be held on Tuesday, 15th September.

**DIGITAL EDUCATION REVOLUTION**

The Digital Education Revolution rolled out by the Federal Government is a wonderful opportunity to improve the ICT level at All Saints’. We have just about finished the first roll out which has allowed us to provide a level of technology to a ratio of one computer for every two students in Yrs 9 -12. These 89 computers have been deployed in the computer rooms, library, ILC, boarding houses and some classrooms. The school is also using this funding to enhance its software and use of electronic whiteboards. The second round of funding has been announced and is aimed at reducing the ratio to every student in Yr 9 -12. Whilst this is a fantastic opportunity to update new technology, the fear is that this may be a one off program by the current Government. How will we maintain or even replace nearly 180 computers in the future? Schools want to have a competitive edge in the use of relevant and new technologies so the funding of this digital revolution will have to be well thought out.

**ALL SAINTS’ COLLEGE GATES**

As you have been driving down Eglinton Rd, you may have noticed the extension to our gates in front of Esrom House. Thanks to the generosity of the Hallstrom family, parts of the gates from the original All Saints’ College have been purchased and erected. While you are at the Spring Fair this Sunday, please stroll over to the gates at 10:30 for a short dedication service.

Thought: It is curious that physical courage should be so common in the world and moral courage so rare. -Mark Twain

**FROM THE CHAPLAIN**

Fr Paul Woodhart

We are in for a full weekend. I look forward to spending time with those who come to the Former Students’ Reunion on Saturday night and those who visit the Spring Fair.

Our newly consecrated assistant Bishop, John Stead will visit next Tuesday’s assembly and spend some time with us. Bishop John will be the speaker at the Benefactors’ Service on Oct 1. For those who have not returned their World Vision Sponsor Brochures, please do so, so that I can have the money in by the end of the month.

Father Paul.
Senior School - Lunar Landing Challenge

Astronomy is the theme for Science Week this year in celebration of the first steps taken by humans on the moon 40 years ago. As part of Science Week, this year, students are invited to participate in the Lunar Landing Challenge and a chance, for the winning team, to win a $100 cash prize. This competition is open to all All Saints’ College students in Years 7-10. To enter you need to submit a short (less than 3 minute) film of a simulated moon landing by astronauts. The footage may be acted, or animated, but it must be original. The footage should depict one or more of the astronauts experiencing the lunar surface and interacting with the lunar environment in a realistic manner. Entries must be submitted by September 28th. Posters advertising the competition have been placed around the College. Entry forms, containing the competition rules and judging criteria, are available from your friendly Science teacher. Will you accept the challenge??

### LUNAR LANDING challenge

This year marks 40 years since humans took their first steps on the moon... in July, 1969

But there have been some who dared to ask the question...

### IS IT EVEN POSSIBLE!

Our competition: Fake the moon landing!

Enter your own original ‘Moon Landing’
Footage up to three minutes in length. Must be animated or acted by students (Yr 7-10) of ASC. Groups no larger than 4, all technical and computer generated effects are permitted! Judging based on ‘entertainment factor’ and scientific accuracy.

CLOSES: 28th Sept, 2009
See Science staff for Entry Form & Rules
