HEAD OF SENIOR SCHOOL

Mr Stewart Ross

EDGELL JOG

This year marks the 35th anniversary of the Edgell Jog, a 8km fun run on Sunday, 12th September. I am encouraging any students of the school that would like to take place to enter as a school team. The entry fee is $10 (16yrs or under) with a wide range of prizes to be won. Please see me for entry forms and I will arrange for the entry fee to be placed on your school account. This is a great community event.

RESPECT

When I first came to this school, I spoke about RESPECT on assemblies for some weeks – respect for teachers, respect for others and respect for oneself. Unfortunately at the moment some of this respect is lacking by some students. Father Paul at a recent assembly mentioned the Christian philosophical statement: “Do unto others as you would have them do unto you”. Also mentioned was an acronym that was coined by Headmaster Bob Bickerdike – TKN. Is what you are saying the Truth, is it Kind or even Necessary? Heads of House spent some time today in Pastoral Period reflecting on these points and poor peer relations. There will be other opportunities in the future for these concepts to be revisited. I hope that these messages have sunk in! Some parental reinforcement of these concepts would also help.

UNIVERSITY APPLICATIONS

A reminder that the PREP – Principals Report Entry Program (early entry Scheme) for CSU closes shortly and I have to fill in the recommendation on the entry form. You only have 2 weeks. Early entry forms for other universities have a similar cut off date. All Saints’ students can earn up to 5 extra bonus points on their ATAR from CSU. It is a university to consider.

Amanda Burbidge has been successful in gaining a place in the National Youth Science Forum. Amanda will be living on campus as a university student in Canberra for twelve days during January 2011. The Forum gives students, currently in Year 11, a unique opportunity to test drive careers in Science, Engineering and related disciplines. During this time Amanda will meet a range of scientists and researchers, visit them at work and do the kinds of things they do every day. She will be involved in a wide range of other activities including debates about the hottest topics in Science and Engineering, a trivia quiz, barbecues, disco and a range of sports.

Places in the NYSF are limited and the selection process, which be involved in a wide range of other activities including debates about the hottest topics in Science and Engineering, a trivia quiz, barbecues, disco and a range of sports.

In the National Youth Science Forum, Amanda’s selection is a fantastic achievement. Well done Amanda!

Planning for a number of shows and Information evenings is well in hand, with the Condo, West Wyalong, Forbes, Cowra and Young Shows, Info Evenings in Cowra, Oberon and Sydney, and the Orange Field Days coming up over the next two months. (Not necessarily in that order!) It’s a challenging timetable for the All Saints’ “flag-waving” team - but important for us to spread the word about our school.

Just a reminder to pass on to friends and family in the Bathurst area that we will be doing tours of the College at the Spring Fair this year – scheduled for 11.30am and 1.30pm. These will be announced, of course, on the day.

Neil Inglis, Head of Science

FROM THE REGISTRAR
Mrs Roslyn Cox

This week we are heading to Young for an Information Evening, as well as catching up with prospective, current and past families. It should be an interesting opportunity and we are looking forward to showcasing the College in this area.

FROM THE CHAPLAIN

Fr Paul Woodhart

This Sunday we are having a Confirmation Service for the younger students at the College Chapel. The Assistant Bishop, John Stead will take the service. We have enjoyed five weeks of companionship as we have prepared for Sunday and I am looking forward to meeting the extended families of the candidates. I would like to extend an invitation to senior students for this step in the future.

On Sunday evening we will be visited by The Rev’d Elroy Mee who is Chaplain to Canterbury College in Brisbane. Elroy has, over 20 years, compiled a Curriculum for Christian Studies. We, along with 10 other Anglican Schools, are using this in the Senior School.

I would like her to meet the Boarders on Sunday night at Chapel and participate in our Monday Barton Chapel. And, by the way, this time it is Lyon’s turn for Chaplain’s supper. Father Paul

**P&F seek volunteer for fundraising position**

The School P&F Executive is seeking expressions of interest from anyone who may be interested in filling a newly created position to assist in fundraising.

The role of Fundraising Data Facilitator is a position for someone to maintain a database of parties interested in supporting the school. This database will be used for all fundraising efforts to ensure a more co-operative approach with supporters, helping alleviate oversight and embarrassment.

I do not expect this position will entail a lot of work, and it will not involve fundraising itself. It involves planning their fundraising and keeping the database up to date. The use of a computer will be required.

We want to get this up and running soon in preparation for next year’s efforts, so whether you are from the Junior School, Senior School, or a member of the Boarding Community, if you are interested or would like to know more, please contact the P&F at ascpnf@gmail.com.

Your help will be assisting the P&F, and ultimately the College, and very much appreciated by all. Thank you.

*John Morris*
