FROM THE REGISTRAR
Mrs Roslyn Cox

It was a rather wet weekend for the Bathurst Show! But even with this working against us, it was a terrific three days with a large number of existing families and students dropping by to visit, lend support and help establish our presence at this important community event.

A special thank you to the captains, prefects and students who gave away balloons and helped with serving at our function on Saturday afternoon. We had a very positive “buzz” and sense of energy and vitality at our stand and this will have reflected well for the visitors and passers-by.

A special thank you to Robyn Crowley, Jason Buckley and Elizabeth Randall who organised performances of the Intermediate Concert Band, the Jazz Band and the Senior Choir. The performances were excellent and demonstrated the musical strengths of the College.

An extra special thank you to all the staff members who braved the weather and gave their time to support the stand. The local Bathurst Show is an important profiling exercise for All Saints’ and an important avenue for us to promote ourselves within the Bathurst community.

Well done to all involved!

FROM THE CHAPLAIN
Fr Paul Woodhart

This week in chapel we have been thinking about the phrase from Isaiah chapter 55: ‘Seek the Lord while he may be found.’

I encouraged our students to act on that imperative.

I hope that each day this is part of your endeavour.

This Sunday night we will have Holy Communion at Boarders’ Chapel, as we draw towards the end of term. Working and praying, Father Paul.

 CSI forensic Science Workshops

Are you interested in the answers to these questions?:
What role does a forensic scientist have at a crime scene?
How is evidence preserved?
How does a forensic anatomist reconstruct a face?

You now have the opportunity to experience, learn and investigate a crime scene, then follow the clues…. The University of NSW offers a practical, hands on, two-day workshop on location at a mock up crime scene and then a laboratory. It’s educational, practical entertaining and fun.

There are various workshops available during the upcoming Easter vacation and the winter vacation. These are open to students who are between 15 and 18 years of age.

For more details and an application form, see Mr Inglis

Year 1 Aquatics
Year 1 has been completing a unit of work on Aquatics in their PDHPE lessons this term. On Friday, 26th February, it was wonderful for the class to have some ‘special guest’ teachers for the lesson. Year 9 Physical Activity & Sports Studies (an elective class for Senior School students) has been working on a Sports Leadership unit and as part of their course we combined the two classes to collaborate in achieving our very separate objectives. It was fabulous to see the Year 1 class receiving one-on-one teaching and the Year 9 students doing an excellent job of catering to all the different ability levels, from teaching simple kicking technique right up to how to dive. This is one of the incredible strengths of our school - the community involvement of Senior and Junior School students in the learning process. An invaluable experience for all involved! My thanks to Kay Nelson and Year 9 PASS for their preparation, enthusiasm and commitment to this activity. Year 1 thoroughly enjoyed the experience and the contact and care given by their ‘celebrity coaches’. Mr Eliot Sanger
