**A BUSY WEEK 5**

Next week will be another busy week at All Saints’. The Festival of Art takes place with the opening on Friday night and continuing throughout the weekend. Why not pop in and enjoy a coffee from the RT café while you ponder the variety of art. We will also be holding Year 11 Parent Teacher interviews on Friday afternoon. Appointments should have already been sent. Saturday night is the big night for all Year 11 students – the Presentation Ball. They have been practicing their waltz for weeks and are looking forward to a dance with their parents. All boys are under threat of death for no injuries from their Saturday sport fixture.

**CAREERS MARKET**

Year 11 and 12 will be attending a Careers Day at Charles Sturt University on Thursday,
27 May. We believe it is important that we not only prepare students for the HSC, but life beyond our walls. We too will be assisting with post-HSC life by holding our own information night on careers. All Saints’ College presents:- a Careers Forum/Market with our own parents as presenters. Many parents across a wide spectrum of vocations have volunteered to discuss their careers with Year 10 and 11 students on Thursday, 3 June. More information will be sent home shortly. However, I ask that you pencil this date into your diary.

**LOUD SHIRT DAY**

Tomorrow, Friday, is Loud Shirt Day which is in aid of the Shepherd Centre. The school has for some years supported this organisation in assisting those children that are deaf or have a hearing impairment. A gold coin donation is required if you wear a “loud shirt” to school. Which teacher do you think will have the “worst shirt”?

Thought:- Character is a diamond that scratches every other stone. Cyrus A. Bartol

**Sideline Café**

Sideline Café is back this weekend!!
Any cakes, biscuits, slices would be greatly appreciated.
Come and say hello and if you have a spare half an hour give us a hand.
See you at the game!!!!

---

**Request for Cakes**

Urgent request for cakes and slices for the RT Café for the Festival of Art. Drop off on Friday at Hospitality or Saturday and Sunday at the Bickerdike Centre.

---

**Assessment Tasks**

Friday 14 May
Yr 9 Australian History Test Pd 6
Yr 12 Maths Extension 1
Yr 12 Biology Due
Yr 12 Design & Technology
Yr 12 Advanced English Excursion (SJK, TLJ) (TBC)
Yr 11 & 12 FACTS Day at CSU 11:00-12:30 (TBC)
Friday 21 May
Yr 9 English - Hand In
Yr 10 English - Hand In
Yr 9 English
Yr 12 Extension Maths
Yr 12 Economics
Yr 12 English Extension
Yr 12 Agriculture

---

**College Calendar**

Friday 14 May
Yr 7 Camp
Yr 7 Vaccinations
Saturday 15 May
Rugby ISA Round 2 v CCGS (H)
Sunday 16 May
Seventh Sunday of Easter
Yr 12 Geography Field Trip (SLO)
Monday 17 May
2010 Enrol To Vote Week
Yr 12 Geography Field Trip (SLO)
Tuesday 18 May
Yr 10 English - Hand In
Yr 12 Business
Wednesday 19 May
Yr 7 Maths
Yr 8 Maths
Yr 10 Maths
Yr 9 English
Yr 12 Chemistry Investigation
Thursday 20 May
JS HICES Cross Country (ASC)
Yr 11 Primary Industries Workshop (Dubbo)
Friday 21 May
Festival of Art Opening
Yr 11 Extension Maths
Yr 11 Primary Industries Workshop (Dubbo)
Saturday 22 May
Festival Of Art
Pentecost
Sunday 23 May
Presentation Ball
Yr 12 Agriculture
Monday 24 May

FROM THE REGISTRAR
Mrs Roslyn Cox

A special welcome to Sophie Chirgwin, who joined us this week in Year 5. I know that Sophie has enjoyed a warm welcome from her new Year 5 classmates and trust that our Junior School parents will say hello to her parents at pick-up time.

***

The Registrar’s office is benefiting from the help of Paula Elbourne (Matthew, Year 12 and Hugh, Year 7) who is working in a voluntary capacity with Belinda Thompson and I on the many projects we have promoting the College.

There is much to be done and we are presently looking at some new information evenings, planning for regional shows and generally getting the All Saints’ name on everybody’s lips!

I am very grateful to Paula for her support. Families, students and teachers will be seeing more of her on campus over the next weeks and months.

FROM THE CHAPLAIN
Fr Paul Woodhart

This week we have been focussing on Hope. It has been a challenge for me to present to our students what I understand to be the essence of Hope. I found this delightful poem by Emily Dickinson which may provide some pictures:

Hope gives us a reason to walk into the future. It is sometimes pictured as an anchor, and in Christian thinking it is a trust in what God is preparing for us. Or, another way - Faith is the path, Hope is the castle of heaven, and Love is the hearth in the future. It is sometimes pictured as an anchor, and in Christian thinking it is a trust in what God is preparing for us. Or, another way - Faith is the path, Hope is the castle of heaven, and Love is the hearth in the soul.

Hope is the thing with feathers That perches in the soul, And sings the tune without the words And never stops at all.

And sweetest in the gale is heard; And even in the storm, That perches in the soul, And never stops at all.

Hope is the thing with feathers That perches in the soul, And sings the tune without the words And never stops at all.
SCIENCE OPPORTUNITIES IN 2010

There are presently a number of exciting opportunities available for Science students in various years:

The NATIONAL YOUTH SCIENCE FORUM (for students in Year 11)
The NYSF offers students, currently in Year 11, a unique opportunity to test drive careers in science, engineering and related disciplines.

For twelve days in January 2011, you’ll stay in Canberra, or Perth, and live on campus as a university student. You’ll meet a range of scientists and researchers, visit them at work and do the kinds of things they do every day. You’ll debate the hottest topics in Science and engineering and pick up valuable skills to give you that edge through Year 12 and beyond. But it’s not all work – there’s also time for fun and to get to know the other students, including activities such as a trivia quiz, barbeques, disco and a range of sports.

The HONEYWELL ENGINEERING SUMMER SCHOOL (for students in Year 11)
Interested in a taste of university life and a sampling of the enormous variety of careers in which engineers make a positive contribution to our lives?
The HESS will run for 6 days in early December. Living at the Sydney University Village, participants will attend lectures, demonstrations and practical sessions at a number of universities around the Sydney region. They will gain a valuable insight into the many aspects of a wide range of engineering disciplines. Part of the program involves industrial visits where students can see the different engineering disciplines at work.

The SCIENCE EXPERIENCE (for students in Year 9)
A three-day hands-on, practical science program will be conducted during 2010/11 in a number of Australian universities for students who are currently in Year 9. Each program includes a wide variety of practical activities, excursions and career information together with interesting presentations by leading Australian scientists and engineers.

The FORENSIC SCIENCE CAMP (for students in Year 8)
A Five day camp held at The Armidale School during the winter vacation, the Forensic Science Camp is an innovative opportunity for talented Year 8 Science students to engage with like-minds as they immerse themselves in solving a real-life forensic mystery. Students are involved in the full range of forensic senarios from gathering and analysing evidence, all the way through to case presentation in court.

Interested?? For further information and application forms talk to your Science teacher or Mr Inglis.

N. D. Inglis, Head of Science

Looking for a family to house Term 3 Japanese Assistant

Ayaka, our Japanese assistant will be leaving us to go back to Japan at the end of the term. We are looking for a family to host our Term Three Japanese Assistant (female).

We simply ask for food and lodging and a ‘family’ atmosphere. This is a great chance for your family and children to get to know someone from overseas and for your children to practice the language that they are studying at school.

A fee for board will be paid by the company that supplies the assistant. If you are interested, kindly email Mr David Pike at d.pike@ saints.nsw.edu.au

NSW Parents’ Council Newsletter

Dear All Saints’ Bathurst,

Welcome to the Term 2 Parent News. This edition covers a variety of important issues affecting our community. Your feedback is always welcome. Others in your community will also be interested in many of these topics.

Mother & Daughter Evening
We believe that all skin is great skin.
You have the chance to get beauty secrets from a trained Clinique consultant at the “Do-It-Yourself Beauty Secrets” evening.

Not only will the Clinique team will give you tips on how to achieve the perfect look for a special occasion, but they will also find your custom fit skin care regime!

Limited spots are available, so get in quick
Register you and mum at John Matthews & Co Chemist For either of the following dates:
WEDNESDAY 4th AUGUST
WEDNESDAY 11th AUGUST

Special discounts and sample bags on the night.

All Saints’ Showjumping Day

Sunday, 16 May 2010

The day begins at 8.30am and will conclude around 4.00pm. Riders are coming to our school from the local area and beyond to enjoy a day of competition in the lead up to the Coonabarabran Equestrian Expo in June.

A canteen will be running on the day so come along and enjoy a day of Showjumping and cheer on your All Saints’ Equestrians!!
