Thursday 7th February the Wiburd Shield team won, including a 50 from 20 balls. In reply St Patrick’s were bowled out for 57, with Michael Waldren hitting 7 wickets for 9 runs, including a hat-trick! A comprehensive victory which saw the team secure a home semi final on March 2nd. Max and Michael have also been selected in the ISA 1st XI team which is a great achievement.

GRANDPARENTS’ AND SPECIAL FRIENDS’ DAY
I am sure many of our Grandparents and Special Friends can’t wait to attend ASC on Friday 22nd. Much has changed, I am sure, since their school days and I thank those students and staff that want to make it a great day for them. Year 8 students should hand in a permission note if they wish to leave with their Grandparents at the conclusion of the day prior to the actual day.

WAS SWIMMING CARNIVAL
The Western Area Schools (WAS) swimming carnival is to be held at St Stanislaus School tomorrow Friday 15th February from 4pm—7pm. In previous years there have been issues with "after-parties" and we do not condone any such gathering. I have already had conversations with the local police who will be out in force to make sure there are no reoccurrences.

SUBJECT CHANGES
As we have just about completed Week 3 of Term 1, it is now too late for students to change subjects – teachers are well into their programs and assessment tasks will follow soon.

FAST FACT
Acer announces a partnership with ProtectaChild to help protect children from cyberbullying. ProtectaChild is an easy-to-use, safe and secure search tool that replaces the need for parents or guardians to manually monitor their children’s activity on MySpace, Facebook, Twitter and YouTube. ProtectaChild provides awareness for parents while safeguarding the privacy of their children who use Facebook, MySpace, Twitter, YouTube and bebo. Parents will be alerted if explicit or damaged content has been posted to or from their child’s page. Your email or sms alert will advise you as to what word(s) were used in the post, in what context the word(s) were used, who sent the post and when the post was sent. ProtectaChild does not hack into or violate the privacy of the people who use it. It is a search tool that analyses posts on their children’s pages to provide parents with awareness of the existence of content that can be harmful to their children’s safety, reputation or standing in the community. Please refer to the Acer website for more details.

Thought: I hear and I forget. I see and I remember. I do and I understand.

FROM THE CHAPLAIN
Rev. Tony Card

This week the Christian Church enters the season of Lent. Whilst many see this as a Roman Catholic tradition, it is a season that is celebrated by Christians of many traditions. Lent is a season of forty days, not counting Sundays, which begins on Ash Wednesday and ends on Holy Saturday. Lent comes from the Anglo Saxon word lencten, which means “spring.” The forty days represents the temptation of Satan. The number forty in the Bible generally represents times of testing; you might recall the forty years that the Israelites spent in the wilderness after their escape from Egypt. Lent is a time of repentance, fasting and preparation for the coming of Easter. It is a time of self-examination and reflection. In the early church, Lent was a time to prepare new converts for baptism. Today, Christians focus on their relationship with God, often choosing to give up something or to volunteer and give of themselves for others. Sundays in Lent are not counted in the forty days because each Sunday represents a “mini-Easter” and the reverent spirit of Lent is tempered with joyful anticipation of the Resurrection. Our chapel times this week have been focused on Ash Wednesday, the first day of Lent where the Church members receive the sign of the cross on their forehead in ashes, a long standing tradition of the day, and a visible declaration of their faith. This has been very encouraging for me as Chaplain.

Part of our Lenten discipline is giving money to the needy. We have already begun taking up a collection in the Junior School chapels and encourage the Senior School students to also contribute each week. The money collected over this term will be directed to the Coonabarabran bushfire and the Northern Rivers flood relief appeals. I pray that you can give generously to these causes.

God bless you, Rev. Tony Card

Thought for the week: “...you are dust, and to dust you shall return.” (Genesis 3:19, spoken over each person who received the ashes.)

Donations of wool needed

Mrs Jo Bickford-Sturgiss Long House Tutor Group will be knitting blankets and sending them to developing countries. They are asking for donations of wool or knitting needles to help them with this task. Donations can be left at Reception or you can email Mr Geoff Wainwright on geoff.wainwright@saints.nsw.edu.au if you can not get to Reception and he will arrange for a pick-up of the items. Thank you for your support.

2013 NSW School-Based Vaccination Program (missing information)

The NSW Ministry of Health has been informed that a small number of Parent Information Kits which contain forms for parents to read and sign for school vaccination may be missing important information.

Please check that all information is included in the Parent Information Kits:

- parents of Year 7 female students should receive a pink Year 7 Girls envelope that includes a checklist, privacy statement and 4 Consent Forms and Information for you and your child sheets for:
  1) Human Papillomavirus (HPV) (pink)
  2) Diphtheria-Tetanus-Pertussis (dTpa) (blue)
  3) Hepatitis B envelope (green)
  4) Varicella (chicken pox) (yellow)

- parents of Year 7 male students should receive two envelopes:
  - a blue Year 7 Boys envelope that includes a checklist, privacy statement and 3 Consent Forms and Information for you and your child sheets for:
    1) Diphtheria-Tetanus-Pertussis (dTpa) (blue)
    2) Hepatitis B envelope (green)
    3) Varicella (chicken pox) (yellow)
  - an olive green Boys Human Papillomavirus (HPV) envelope that includes a Consent Form and Information for you and your child sheet

- parents of Year 9 male students should receive an olive green Boys Human Papillomavirus (HPV) envelope that includes a Consent Form and Information for you and your child sheet

If all the information is included and you would like your child to be vaccinated, please read the Information for you and your child sheet, sign the Consent Form and return the signed Consent Form to your child’s school. If you do NOT wish your child to be vaccinated, do NOT complete or return the Consent Form.

If any information is missing from your Parent Information Kit, please contact your child’s school immediately and a replacement Kit will be provided.
The Science department at ASC is proactive in its bid to provide opportunities for students to get a taste of ‘real’ Science whilst making valuable contacts in the scientific world. These experiences often help students make significant decisions about senior secondary and tertiary studies. They return to us fully informed about the importance of science and technology, possible career paths and life at university. Two such opportunities presented themselves recently and the reports of the wonderful time had by these students are written below:

During the summer holidays I went to a 3 day residential university program called The Science Experience at the University of New England in Armidale. This program provided students with the knowledge and understanding of studying science and insight into living at university. During the course of this program I was able to participate in extracting DNA, programming robots, experimenting with fluorescence and discussing forensics. We also experienced lectures and demonstrations of extreme chemistry, physics and genetics. I met fellow students who have a passion for science. It was fantastic to be able to speak with other people who were just as excited about chemistry and physics as I am. This program runs all over the country every year for students in Year 9/10 and I would fully recommend it to anyone who asked. Please come and talk to me about it if you are at all interested.

Charlotte Brew (Year 11)

This event was called The Science Experience and was held at the University of Sydney over three days. There were about 150 students from across the state who were just as excited about chemistry and physics as I am. This program runs all over the country every year for students in Year 9/10 and I would fully recommend it to anyone who asked. Please come and talk to me about it if you are at all interested.

WOULD YOU LIKE TO BE A YEAR PARENT?

Wanted

Parents in all years from Year 7 to Year 12
Day and Boarding parents welcome to share this role.

Responsibilities of a year parent include assisting with Spring Fair, assisting with Art Show, attending P&F meetings when possible and maybe organising a social function for your year group.

Any parent interested in becoming a year parent please contact

Lizzie Moller on 63327 303 or l.moller@ saints.nsw.edu.au

KOOGA JACKETS
ORDER NOW

(Grey and Navy in colour, Warm, Fully Lined, Waterproof)

Cost $ 190.00

(Day students will have to pay for their jackets on arrival, Boarders this will be charged to your account)

Please order with Lizzy in the Uniform Shop.

Phone 63332 7303 (Monday and Thursday)
or email l.moller@ saints.nsw.edu.au

This is the only order being taken this year for Jackets, please order by Thursday 28th February 2013.

OLYMPIC GOLD MEDALIST ANDREW HOY CROSS COUNTRY TRAINING CLINIC

WHEN: Wednesday 20th AND Thursday 21st FEBRUARY
WHERE: CANBERRA EQUESTRIAN PARK

• Sessions to be 2 hours each with a maximum of 6 riders.

• Rider level to be at least intro to preliminary. Please let me know what level your horse is so I can organise groups accordingly.

• Please indicate which days you wish to attend and if there is any time restraints and I will try to accommodate. I am happy if you want to come for one or two days, or if you want a few lessons on the one day.

• Price: $100 per lesson including ground fee and donation towards NCHTA

• If numbers are low due to being during the week, we may also do some showjumping/flat work lessons to be advised at a later date.

I will be available for lessons on the day for greener riders and horses. Please indicate if you wish to do this (pay on the day).

Payment must be received for the clinic prior to the day to ensure bookings. Payments to be made by cheque to Natalie Blundell and sent to 1206 Cooks Hill Rd, Yass 2582 or Direct Deposit BSB 082640 Account 62 238 8978 with your name as reference.

Our first meeting is
27th February 2013
in the ASC library
@ 5.30pm

Ideas welcome

Art Festival
Friday 17 May
Saturday 18th May
Sunday 19th May
Teen Triple P is a program for parents of teenage children.

Triple P helps you:

• Encourage behaviour you like.
• Create a stable supportive, cooperative family environment.
• Teach your children the skills they need to get along with others.
• Deal positively, consistently, and decisively with problem behaviour.
• Develop realistic expectations of your children and yourself.
• Take care of yourself as a parent.

Two programs will be run by Teen Triple P trained facilitators.

  o Program 1: 6 sessions starting March 5th 2013 (Tuesday evenings at 6:15pm sharp).
  o Program 2: 6 sessions starting May 18th 2013 (Saturday mornings at 9:45am sharp).

• Sessions will be 2 hours duration.
• Cost $20 per participant for resources, concession available.
• Program limited to maximum 10 participants.

For more information and booking call
Gerry Kearney 6331 1567 or Graham Palmer 6332 2277.
Are you interested in a career in:

- Sports coaching
- Sports Administration
- Strength and conditioning
- Health promotion
- Corporate or community fitness
- HPE teaching
- Personal training
- Rehabilitation
- Working with Physiotherapists as an exercise scientist?

Come and experience life as a CSU student for a day at MyDay Exercise Science Bathurst

Find out more about our nationally accredited courses:

- Bachelor of Education (Health and Physical Education)
- Bachelor of Exercise Science

www.csu.edu.au/courses/exercise-science

When: Friday 1 March, 2013
9:45am – 1:30pm
Where: Charles Sturt University - Bathurst Campus
Panorama Ave, Bathurst
Dress: Please note that exercise clothing and closed in footwear must be worn as a requirement for participation in activities and entry into Exercise Science labs
Food: BYO or food and beverages can be purchased from the on campus food outlets

See your Careers Advisor for a Registration Form or register your interest at: www.csu.edu.au/contacts/register-for-myday

Did you know that CSU’s Exercise Science course is recognised by the peak international body, the National Strength and Conditioning Association (NSCA) in the USA. Graduates are therefore well placed to gain employment around the world.

Find out more about overseas study opportunities as part of your course.
