Thursday 7th February the Wiburd Shield team with some outstanding performances. On The school’s cricketers have had a big week CRICKET satisfactory. In some instances we may still use “snail links to these letters placed on our web page. Communications home and to reduce costs In an effect to improve the speed of LETTERS HOME.

In a match winning total of 9 for 264, Emerson Patrick’s College Strathfield on Watson Oval. Oakhill College in the semi finals of this state- 7 for 8 from 6 overs. This team is now playing out for 85, largely thanks to Lachlan Porter’s 5 for 147. In reply Lakes Grammar were all Meehan hit a composed 73 to lead his team to played Lakes Grammar at Wadalba. Emerson subjects – teachers are well into their programs and assessment tasks will follow soon. FAST FACT

Acer announces a partnership with ProtectaChild to help protect children from cyberbullying. ProtectaChild is an automated search tool that replaces the need for parents or guardians to manually monitor their children’s activity on MySpace, Facebook, Twitter and YouTube. ProtectaChild provides awareness for parents while safeguarding the privacy of their children who use Facebook, MySpace, Twitter, YouTube and bebo. Parents will be alerted if explicit or damaging content has been posted to or from their child’s page. Your email or sms alert will advise you as to what word(s) were used in the post, in what context the word(s) were used, who sent the post and when the post was sent. ProtectaChild does not hack into or violate the privacy of the people who use it. It is a search tool that analyses posts on their children’s pages to provide parents with awareness of the existence of content that can be harmful to their children’s safety, reputation or standing in the community. Please refer to the Acer website for more details.

Thought : I hear and I forget. I see and I remember. I do and I understand. Chinese Proverb

Head of Senior School
Mr Stewart Ross

LETTERS HOME
In an effect to improve the speed of communications home and to reduce costs in the school, we are endeavouring to email some correspondence to parents or send links to these letters placed on our web page. In some instances we may still use “snail mail” but we hope this new arrangement is satisfactory.

CRICKET
The school’s cricketers have had a big week with some outstanding performances. On Thursday 7th February the Wiburd Shield team played Lakes Grammar at Wadalba. Emerson Meehan hit a composed 73 to lead his team to 5 for 147. In reply Lakes Grammar were all out for 85, largely thanks to Lachlan Porter’s 7 for 8 from 6 overs. This team is now playing against Oakhill College in the semi finals of this state-wide knock out competition. On Saturday the First XI played last year’s premiers St Patrick’s College Strathfield on Watson Oval. In a match winning total of 9 for 264, Emerson Meehan hit a controlled 87 and Max Hope 67, including a 50 from 20 balls. In reply St Patrick’s were bowled out for 57, with Michael Waldren taking 7 wickets for 9 runs, including a hat-trick! A comprehensive victory which saw the team secure a home semi final on March 2nd. Max and Michael have also been selected in the ISA 1st XI team which is a great achievement.

GRANDPARENTS’ AND SPECIAL FRIENDS’ DAY
I am sure many of our Grandparents and Special Friends can’t wait to attend ASC on Friday 22nd. Much has changed, I am sure, since their school days and I thank those students and staff that want to make it a great day for them. Year 8 students should hand in a permission note if they wish to leave with their Grandparents at the conclusion of the day prior to the actual day.

WAS SWIMMING CARNIVAL
The Western Area Schools (WAS) swimming carnival is to be held at St Stanislaus School tomorrow Friday 15th February from 4pm–7pm. In previous years there have been issues with “after–parties” and we do not condone any such gathering. I have already had conversations with the local police who will be out in force to make sure there are no reoccurrences.

SUBJECT CHANGES
As we have just about completed Week 3 of Term 1, it is now too late for students to change

Referral to College Counsellor
A new form has been added to the college website, under Forms, Policies and Procedures, to allow a clearer pathway for parents and staff to refer students to the counsellor. Following much discussion it has been decided that all Junior School students seeing the counsellor are to have signed permission by their parent/s or guardian. This will also ensure there is a conversation between the teacher and the parents if there is a school based issue of concern.

Parents and guardians will also be able to access the counsellor more easily should there be a confidential issue arise which may not be directly related to the school but causing concern for their child. Staff and parents/guardians of students in the junior secondary will be encouraged to follow the same procedure as the junior school. My door will continue to be open to those in the junior school who wish to self –refer. I am at the college Monday to Thursday, and am happy for parents to contact me either through my email address, or on 63327335 Ellen Robinson, College Counsellor

Grandparents’ & Special Friends’ Day
Friday 22nd February 2013
Could Year 5 & Year 8 parents please remind their invited Grandparents’ or Special Friends’ to rsvp by Tuesday, 19th February to ensure we do not miss anyone on the day.

Please contact Felicity Challita on 6332 7310 or email felicity.challita@saints.nsw.edu.au to rsvp on behalf of your invited guests.

FROM THE CHAPLAIN
Rev. Tony Card

This week the Christian Church enters the season of Lent. Whilst many see this as a Roman Catholic tradition, it is a season that is celebrated by Christians of many traditions. Lent is a season of forty days, not counting Sundays, which begins on Ash Wednesday and ends on Holy Saturday. Lent comes from the Anglo Saxon word lente, which means “spring.” The forty days represents the time Jesus spent in the wilderness, enduring the temptation of Satan. The number forty in the Bible generally represents times of testing; you might recall the forty years that the Israelites spent in the wilderness after their escape from Egypt. Lent is a time of repentance, fasting and preparation for the coming of Easter. It is a time of self-examination and reflection. In the early church, Lent was a time to prepare new converts for baptism. Today, Christians focus on their relationship with God, often choosing to give up something or to volunteer and give of themselves for others. Sundays in Lent are not counted in the forty days because each Sunday represents a “mini-Easter” and the reverent spirit of Lent is tempered with joyful anticipation of the Resurrection.

Our chapel times this week have been focused on preparation for the coming of Easter. It is a season of repentance, fasting and prayer. In anticipation of the Resurrection, we begin by confessing our sins and making a promise to God to repent, that is, to turn away from the things we have done wrong and to turn back to living the life he calls us to. Most of our students and many staff have come forward to receive the sign of the cross on their forehead in ashes, a long standing tradition of the day, and a visible declaration of their faith. This has been very encouraging for me as Chaplain. Part of our Lenten discipline is giving money to the needy. We have already begun taking up a collection in the Junior School chapels and encourage the Senior School students to also contribute each week. The money collected over this term will be directed to the Coonabarabran bushfire and the Northern Rivers flood relief appeals. I pray that you can give generously to these causes.

God bless you, Rev. Tony Card

Thought for the week: “...you are dust, and to dust you shall return.” (Genesis 3:19, spoken over each person who received the ashes.)

Donations of wool needed

Mrs Jo Bickford-Sturgiss Long House Tutor Group will be knitting blankets and sending them to developing countries. They are asking for donations of wool or knitting needles to help them with this task. Donations can be left at Reception or you can email Mr Geoff Wainwright on geoff.wainwright@saints.nsw.edu.au if you can not get to Reception and he will arrange for a pick-up of the items. Thank you for your support.

2013 NSW School-Based Vaccination Program (missing information)

The NSW Ministry of Health has been informed that a small number of Parent Information Kits which contain forms for parents to read and sign for school vaccination may be missing important information.

Please check that all information is included in the Parent Information Kits:

- parents of Year 7 female students should receive a pink Year 7 Girls envelope that includes a checklist, privacy statement and 4 Consent Forms and Information for you and your child sheets for:
  1) Human Papillomavirus (HPV) (pink)
  2) Diphtheria-Tetanus-Pertussis (dTpa) (blue)
  3) Hepatitis B envelope (green)
  4) Varicella (chicken pox) (yellow)

- parents of Year 7 male students should receive two envelopes:
  - a blue Year 7 Boys envelope that includes a checklist, privacy statement and 3 Consent Forms and Information for you and your child sheets for:
    1) Diphtheria-Tetanus-Pertussis (dTpa) (blue)
    2) Hepatitis B envelope (green)
    3) Varicella (chicken pox) (yellow)
  - an olive green Boys Human Papillomavirus (HPV) envelope that includes a Consent Form and Information for you and your child sheet

- parents of Year 9 male students should receive an olive green Boys Human Papillomavirus (HPV) envelope that includes a Consent Form and Information for you and your child sheet

If all the information is included and you would like your child to be vaccinated, please read the Information for you and your child sheet, sign the Consent Form and return the signed Consent Form to your child’s school. If you do NOT wish your child to be vaccinated, do NOT complete or return the Consent Form.

If any information is missing from your Parent Information Kit, please contact your child’s school immediately and a replacement Kit will be provided.
The Science Experience

The Science department at ASC is proactive in its bid to provide opportunities for students to get a taste of ‘real’ Science whilst making valuable contacts in the scientific world. These experiences often help students make significant decisions about senior secondary and tertiary studies. They return to us fully informed about the importance of science and technology, possible career paths and life at university. Two such opportunities presented themselves recently and the reports of the wonderful time had by these students are written below:

During the summer holidays I went to a 3 day residential university program called The Science Experience at the University of New England in Armidale. This program provided students with the knowledge and understanding of studying science and insight into living at university.

During the course of this program I was able to participate in extracting DNA, programming robots, experimenting with fluorescence and discussing forensics. We also experienced lectures and demonstrations of extreme chemistry, physics and genetics. I met fellow students who have a passion for science. It was fantastic to be able to speak with other people who were just as excited about chemistry and physics as I am. This program runs all over the country every year for students in Year 9/10 and I would fully recommend it to anyone who asked. Please come and talk to me about it if you are at all interested.

Charlotte Brew (Year 11)

This event was called The Science Experience and was held at the University of Sydney over three days. There were about 150 students from all across Australia. We split into groups and then began with an introductory lecture about the history of Sydney University and the activities and fields that we would partake in.

We began with a basic knowledge team quiz. The ‘experience’ was about “CSI” (Crime Scene Investigation) and the misunderstandings between real criminal investigation and TV shows. We then got a booklet which explained the case that we would all working on. The case evidence comprised of items of clothing, poison, bones, fingerprints, blood, and pollen.

We spent two days collecting clues around campus and analysing the evidence collected. We enjoyed other side activities such as experimenting with liquid nitrogen and playing a few games. These included the ‘egg drop test’ in which we had to design a container of sorts out of selective materials such as straws and tape to ‘save’ an egg. In the second game we had to design a rack that would hold various sized containers from a 250 ml water cup right up to a full 5 litre bucket of water. There was a complication however… the rack could only be made out of the same materials as the egg drop test. It was challenging and great fun.

On the second day we started going over the evidence that we had obtained and then collectively made a vote on which suspect we wanted to see go to court. We started with the mock trial and it soon came to light that we had accused the wrong suspect. Whoops!! We finished with a lecture from the great Dr. Karl Kruszelnicki about the University of Sydney and science opportunities everywhere. It was an awesome experience and one worth recommending!

Christian Westenfelder (Year 10)

Peter O’Neill (Head of Science)

Looking for a homestay family

The College is looking for a family who can provide accommodation to a male Japanese student from Miyagi University in Japan.

The student is an education student and he will be observing Japanese teaching in Australia and will be taking part in Japanese classes at the College.

Dates: 23 February 2013 – 9 March 2013

What we ask you to provide: Bed (own bedroom), breakfast and dinner, transport to the College if possible and the opportunity to experience Australian family life.

An allowance of $200.00 will be paid to the family for each week of the homestay. (A total of $400.00 for two weeks.)

If you are able to assist, kindly email Mr David Pike at david.pike@ saints.nsw.edu.au or call him on 02 6331 3911.

FROM THE REGISTRAR

Mr Michael Hissey

With the 2013 school year now well under way, a rare quiet moment in the office of the Registrar provides an opportunity to write a few words. The year has begun on a very positive note at All Saints’.

With a total school enrolment of over 525 students we have had the pleasure of welcoming so many wonderful new families to our community. More than 80 students new to the Senior School has ensured that so many new friendships have been forming over these past weeks. It is marvellous to see the universal spirit of ‘inclusion’ which permeates All Saints’ as we observe our students getting to know their new classmates. The various orientation programmes and many social functions organised by the College over the summer and during the commencement weeks have supported the induction of new girls and boys and their families. Both Marsden House and Watson House have a lovely ‘family’ feel to them with a great positive energy.

Our amazing Boarding P & F is a great support to Mrs McAllister and Mr Allen and their boarding staff. Looking ahead, a record number of families from across the state have applied for the coming All Saints’ ACER scholarship selection testing on February 23rd. If you have applied for your child to sit for the round of tests, please ensure that you have submitted to this office a resume (photocopies only) of your child’s academic, cultural and sporting successes, as well as copies of Naplan test results and recent school reports.

On Saturday February 23rd, the day of the tests, please ensure that the applicant is at the College by 8.30am with pens and pencils at the ready. Morning tea will be provided for the girls and boys. Music applicants will then sit a theory/aural test followed by scheduled auditions. Our best wishes go to all scholarship applicants.

A note of congratulations to violinist and pianist 2013 School Captain Tara Chan, who following rigorous performance competitions, was awarded the “Bathurst Youth in the Arts Award 2013” at the recent Australia Day celebrations. And finally a note for your diary: David Krebs (Class of 2012) is one of All Saints’ fine graduate musicians. David composed a choir setting of “Magnificat” a sacred text which is usually sung at the Service of Evening Prayer or “Evensong” for his HSC major work. David has been honoured by our All Saints’ Cathedral Choir who will perform his setting of “Magnificat” at the beautiful Evensong Service in the Cathedral this coming Sunday afternoon, 17 February at 4.30pm. All are welcome to attend this beautiful Service and to support David.

Michael Hissey & Kathryn Parnell
Would you like to be a Year Parent?

Wanted

Parents in all years from Year 7 to Year 12
Day and Boarding parents welcome to share this role.

Responsibilities of a year parent include assisting with Spring Fair, assisting with Art Show, attending P&F meetings when possible and maybe organising a social function for your year group.

Any parent interested in becoming a year parent please contact

Lizzie Moller on 63327 303 or l.moller@saints.nsw.edu.au

Kooga Jackets

Order Now

(Grey and Navy in colour, Warm, Fully Lined, Waterproof)

Cost $190.00

(Day students will have to pay for their jackets on arrival, Boarders this will be charged to your account)

Please order with Lizzy in the Uniform Shop.

Phone 63332 7303 (Monday and Thursday)
or email l.moller@saints.nsw.edu.au

This is the only order being taken this year for Jackets, please order by Thursday 28th February 2013.

Olympic Gold Medalist Andrew Hoy Cross Country Training Clinic

When: Wednesday 20th And Thursday 21st February
Where: Canberra Equestrian Park

• Sessions to be 2 hours each with a maximum of 6 riders.

• Rider level to be at least intro to preliminary. Please let me know what level your horse is so I can organise groups accordingly.

• Please indicate which days you wish to attend and if there is any time restrains and I will try to accommodate. I am happy if you want to come for one or two days, or if you want a few lessons on the one day.

• Price: $100 per lesson including ground fee and donation towards NCHTA

• If numbers are low due to being during the week, we may also do some showjumping/flat work lessons to be advised at a later date.

I will be available for lessons on the day for greener riders and horses. Please indicate if you wish to do this (pay on the day).

Payment must be received for the clinic prior to the day to ensure bookings. Payments to be made by cheque to Natalie Blundell and sent to 1206 Cooks Hill Rd, Yass 2582 or Direct Deposit 95B 082640 Account 62 238 8978 with your name as reference.

Sunday 19th May
parenting today’s teens!

Teen Triple P is a program for parents of teenage children.

Triple P helps you:

• Encourage behaviour you like.
• Create a stable supportive, cooperative family environment.
• Teach your children the skills they need to get along with others.
• Deal positively, consistently, and decisively with problem behaviour.
• Develop realistic expectations of your children and yourself.
• Take care of yourself as a parent.

Two programs will be run by Teen Triple P trained facilitators.

- Program 1: 6 sessions starting March 5th 2013 (Tuesday evenings at 6:15pm sharp).
- Program 2: 6 sessions starting May 18th 2013 (Saturday mornings at 9:45am sharp).

Sessions will be 2 hours duration.
Cost $20 per participant for resources, concession available.
Program limited to maximum 10 participants.

For more information and booking call
Gerry Kearney 6331 1567 or Graham Palmer 6332 2277.

VERITAS HOUSE... SUPPORTING CHILDREN, YOUNG PEOPLE, FAMILIES AND CARERS.
Are you interested in a career in:

- Sports coaching
- Sports Administration
- Strength and conditioning
- Health promotion
- Corporate or community fitness
- HPE teaching
- Personal training
- Rehabilitation
- Working with Physiotherapists as an exercise scientist?

Come and experience life as a CSU student for a day at

MyDay Exercise Science
Bathurst

Did you know that CSU’s Exercise Science course is recognised by the peak international body, the National Strength and Conditioning Association (NSCA) in the USA. Graduates are therefore well placed to gain employment around the world.

Find out more about our nationally accredited courses:

- Bachelor of Education (Health and Physical Education)
- Bachelor of Exercise Science

Find out more about overseas study opportunities as part of your course:
